## Video

Watch video directly on youtube you can jump into the sections of the song you are interested in

**Author:** Giordano Jo Boschetti

**Description:** The song starts in crunch and clean, and then hardens on the end with more Hard Rock sounds. The song therefore ranges from classic rock to heavy metal peaks on the finish, ending with an old-style vinyl effect.

**Tools:** In this track Carla was used for Slate drum (drums) and Amplebass (bass) in vst windows format. As the main daw Ardor 6. All the rest are free and Open Source Linux plugins present in Geekos Daw. The guitar was recorded with a ge200 moer instead.

---

## Video

**Author:** Daniele71

**Description:** Electronic track that mixes metallic samples with more analog sounds that create a dark and "ritual" atmosphere.

**Tools:** Ardour with various plugins among which Zyn FUsion, NoiseMaker, Samplv1, Calf Reverb/Compressor/Limiter, Lsp Limiter Stereo, eq10q.
